### Screen 3: Reviews Recommended screen

Click on category type to edit it:

The screenshot shows the Joomla! 4.1.5 'Edit Item' interface. At the top, there's a navigation bar with links to Home Dashboard, Content, Menus, Components, Users, System, and Help. Below this is a dark blue header with the Joomla! logo, 'Edit Item' title, version 4.1.5, and a link to 'JomDirectory Demo Website'. A toolbar contains buttons for Save, Save & Close, Save & New, Save as Copy, and Close. The main content area is divided into two sections. The left section, titled 'Category', contains a 'Title \*' field with the value 'For Kids', an 'Alias' field with the value 'for-kids', and a 'Description' field with a rich text editor. The right section contains a 'Status' dropdown set to 'Published', an 'Access' dropdown set to 'Public', a 'Language' dropdown set to 'All', and an 'ID' field with the value '177'. A 'Toggle Editor' button is located at the bottom right of the description field.

### Screen 4: Review Recommended on Listings page

Note: If the reviews are not being shown after submission on the listing page, you must enable Approve Reviews option under component Configuration. For more information. See [Configuration](#) documentation.

## Adding a Review for listings

After these categories and review recommendation types are added, you can now create a review. To create a review, go to the listings page and click the Reviews tab. Provide the options as seen in the following image:
