

Slideshow PRO Module

Overview

This is an extra paid module available for Business Package, can be also purchased separately.

This module showcases the listings in a slideshow format. Users can see the image along with the title of the listing.

Slideshow PRO Module upon activation is seen as follows on the pages:

Screen 1: Slideshow Module on front page

Editing Slideshow Module

To edit the module, click on the module link or select the check box next to the module name, and then click **Edit**.

The following image shows the module edit screen.

The screenshot shows the Joomla! administration interface for editing a Slideshow Module. The title is "JomEvents Slideshow". The interface is divided into several sections:

- Module Settings:** Includes fields for Title, Position (set to "None"), Status (set to "Published"), Start Publishing, Finish Publishing, Access (set to "Public"), Ordering (set to "1. Most Events"), and a Note field.
- Module Configuration:** Includes fields for Layout (set to "Default"), Count (set to "5"), Number of Characters (set to "100"), Featured (Yes/No), Show Address (Yes/No), Show Description (Yes/No), Category (set to "Current Browse (auto) Selected Below"), Choose Category (set to "All"), Sort Options (set to "Latest"), Latest / Single ID's (set to "Latest"), and Listings ID's.

Screen 2: Module tab

Provide the options as per the following table.

Count	Number of listings for which images need to be shown in the slideshow
Number of characters	Number of characters from the description that will be shown in the slideshow.
Image Format	The format for the thumbnail listing image. 1:1 = Image will be unchanged. 4:3 = image will be resized to 4:3 format. 10:9 = Image will be resized to 10:9 format.
Featured	Enable to show only featured listings.

Show Address	Enable to show the address of the listing.
Show Description	Enable to show the description up to the character limit set.
Category	Select either of the following options. <ul style="list-style-type: none"> • Current Browse (auto) - Automatically displayed based on the category. • Selected Below - Listings belonging to only these categories are shown.
Choose Category	If Selected Below is selected for the above field, select the required category.
Sort Options	Select how the displayed listings should be sorted by. <ul style="list-style-type: none"> • Latest • Most Viewed • Alphabetically • Updated • Most Rated DESC • Most Rated ASC
Use Listings IDs	Enable to make the next set of settings work.
IDs CSS Item Styling	Provide comma separated IDs in this field. Such as, 21, 22 and so on.
Use IDs for the CSS Classes	<p>If set to yes, to each Caption, CSS Class ID will be added e.g. .jd-slide-title21 where 21 is ID of the listing. Listing ID can be found under JomEvents Listing View in Table - Column ID. It works best with Use Listings ID's setting</p> <p>You can select individual listings and promote them with different captions.</p> <p>If set to No, the default CSS will be used for all captions.</p>

Slider Module Tab

This tab controls the layout where the map panel is to be displayed on the screen.

Slide Navigation	Select from the following options. <ul style="list-style-type: none"> • Bullet • Thumb • None
Autoplay	Start slider when page loaded

Menu Assignment tab

This tab controls where the module should be displayed. You can decide if it should be displayed on all pages for the site or just selective pages.

The screenshot shows the 'Menu Assignment' tab in a CMS interface. At the top, there are tabs for 'Module', 'Menu Assignment', 'Advanced', 'Template', and 'Permissions'. The 'Menu Assignment' tab is active. Below the tabs, there is a 'Module Assignment' section with a dropdown menu set to 'Only on the pages selected'. Underneath, there is a 'Menu Selection' section. It includes two buttons: 'Assign to Menu Items' with 'All' and 'None' options, and 'Expand the Menu Subtrees' with 'All' and 'None' options. To the right of these buttons is a search input field labeled 'Search'. Below the buttons is a tree view of menu categories. The 'Categories' section is expanded, showing a list of categories with checkboxes: 'Hot Deals', 'Just Now', 'Last Minute', 'Tours', 'Romantic Getaway', and 'Popular Destinations'. The 'Popular Destinations' category is expanded, showing sub-items: 'Spain', 'Greece', 'Italy', and 'Costa Brava'. Below the 'Categories' section is the 'Customer Service' section, which is also expanded, showing sub-items: 'Login' and 'Profile'.

Screen 4: Menu Assignment tab

Select the required menu for module assignment. The available options are:

- On all pages
- No pages
- Only on the pages selected
- On all pages except those selected
