

Listings

Overview

Properties are nothing but the product listings that you want to create in the JomEstate. Each listing is attached to a category. They are created in the same manner as Joomla articles, but are not related to Joomla articles in definition.

Creating A New Listing

The following image shows the Listings screen.

Screen 1: Properties screen

The following table explains the different options seen on the screen.

New	Creates a new Address entry. You must create separate entries for each level of depth that you need.
-----	--

Edit	Provides the edit mode to make changes to the existing level or titles created.
Publish	Publishes the created address entry.
Unpublish	Removes the entry from the list of published address entries
Archive	Archives address entries that are not used anymore.
Trash	Deletes the address entry that is not required anymore.

Edit Listing

If you want to edit existing entries, you can either click the entry from the Listings screen or select the checkbox next to the entry, and then click Edit.

This tab provides options to add title, description, select category, and other options for the Listing as seen in the following image:

Screen 2: Edit Listing screen

The following table shows the options available:

Edit Listing area	Title	Title for the Listing.
	Alias	URL alias for “SEF/SEO” URL.
	Category	Category where the listing will be published.

	Maps longitude	The information provided in this field is used to map the exact location. It utilizes the GEO-location based on Google Maps. Provide the longitude information for the location mapping.
	Maps Search	Search for a specific location. Type in the location and press Enter to go to the exact location.
Sidebar	Featured	Enable to make the listing appear as featured listing.
	Approved	Enable to approve the listing. Listing will not be published.
	Language	Select the language for which the listing needs to appear for. For multiple languages , you must create separate entries for each language.
	Status	Select the required status. <ul style="list-style-type: none"> • Published • Unpublished • Trashed • Archived
	Created by	Select the user who created the listing.
	Access	Provide the access level for the listing. <ul style="list-style-type: none"> • Guest • Public • Registered • Special
	Date created	Select the date when the listing was created. You can select a future date for publishing the listing as well.
	Publish Up	Select a date when you want to publish the listing. Here too, you can schedule to post the listing at a future date.
	Publish down	Select a date when the listing should stop being published.
	Modified Date	Select a date when the listing was modified.
	ID	This is an auto-generated field.

Understanding the Location area in Edit listing tab

Let us understand how to provide the address and Street/House No for providing the exact locations on the map. When you provide the address, street and House No. in the backend when creating listings, the location position automatically. If the House No. is not provided, additional location fields needs to be used.

Mapping using longitudes and latitudes

If you provide the latitudes and longitudes, and the Maps Search setting is left blank, the location mapping is done based on these parameters as shown in the following image.

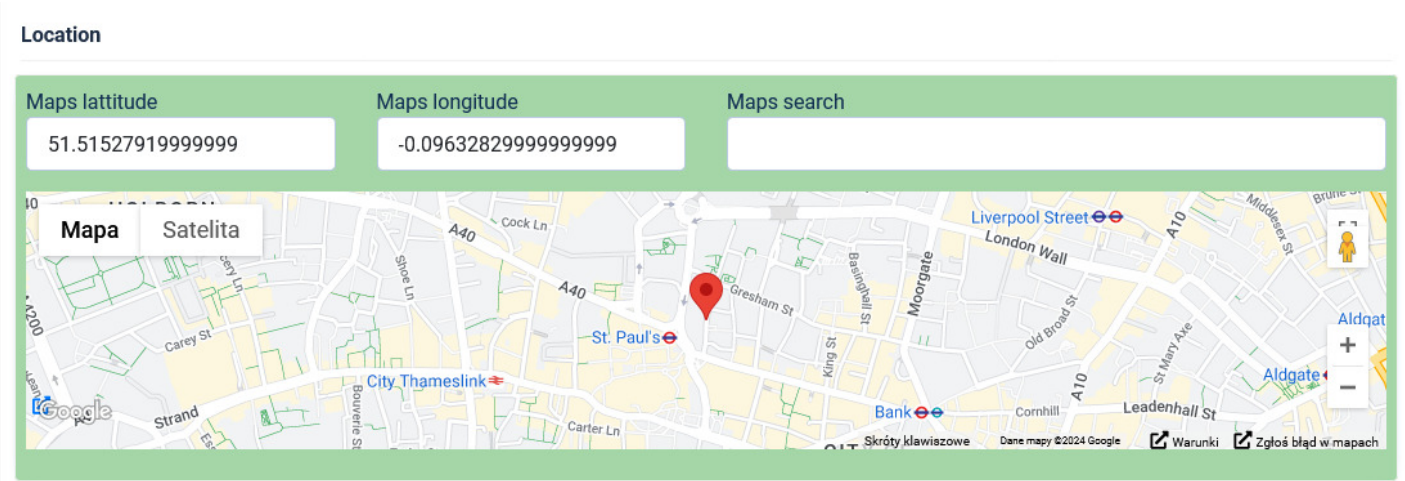

Image not found or type unknown

Screen 3: Map using longitudes and latitudes values

Mapping with Map Search values

If the Map Search field has a value provided to it, it takes precedence as shown in the following image. If the Map Search field value is given as “New York”, the location will map to this location.

Address

Select Address

Street, House No.

Custom Fields tab

This tab includes all the custom fields created for a particular category. If the custom field is not applied to a specific category, it can be seen for all categories when creating a listing. The following image shows the Custom Fields tab screen.

The screenshot shows the Joomla! Custom Fields tab for a property listing. The top navigation bar includes 'Joomla!', 'JomEstate', and version '4.2.6'. Below the navigation bar are buttons: 'Save', 'Save & Close', 'Save & New', 'Save as Copy', and 'Close'. The main content area has tabs: 'Edit Listing', 'Custom Fields' (active), 'Price', 'Images', 'YouTube Video', 'Open House', 'Metadata', and 'Rules'. The 'Custom Fields' tab is divided into two sections. The left section, 'Property Class (*)', shows 'Residential' selected. Below it, 'House/Flat Size (*)' is set to '700'. A list of 'Amenties' includes 'Burglar Alarm', 'Cable Internet', 'Cable TV', 'Central Vac', 'Dishwasher', 'Exterior Lighting', 'Fireplace', 'Jacuzzi Tub', 'Range/Oven', 'Satellite Dish', 'Swimming Pool', 'Tennis Court', and 'Wood Stove'. The right section, 'Custom Tab 1', contains a text area with placeholder text. On the right side of the screen, there are three status sections: 'Featured' (No/Yes), 'Approved' (No/Yes), and 'Sold' (No/Yes). Below these are input fields for 'Beds' (3), 'Baths' (1), 'Garage' (1), 'Floors' (0), and 'Surface (Sq Ft)' (1200). Further down are sections for 'Status' (Published), 'Language' (All), 'Access' (Public), 'Created by' (Ann Jones), and 'Date created' (2017-05-20 07:39:38).

Screen 5: Custom Fields tab

For more information about creating custom fields, see [Custom Fields](#).

Price tab

This tab includes information about the pricing details related to the property listing.

The screenshot shows the Joomla! Price tab for a property listing. The top navigation bar includes 'Joomla!', 'JomEstate', and version '4.2.6'. Below the navigation bar are buttons: 'Save', 'Save & Close', 'Save & New', 'Save as Copy', and 'Close'. The main content area has tabs: 'Edit Listing', 'Custom Fields', 'Price' (active), 'Images', 'YouTube Video', 'Open House', 'Metadata', and 'Rules'. The 'Price' tab is divided into two sections. The left section, 'Price', shows 'Price Netto' set to '1200000.00' and 'Price Group' set to 'Price'. Below these are buttons: 'Add New' and 'Delete'. The right section, 'Custom Tab 1', contains a text area with placeholder text. On the right side of the screen, there are three status sections: 'Featured' (No/Yes), 'Approved' (No/Yes), and 'Sold' (No/Yes). Below these are input fields for 'Beds' (3), 'Baths' (1), 'Garage' (1), 'Floors' (0), and 'Surface (Sq Ft)' (1200).

Screen 6: Price tab

Provide the information as per the following table.

Add New	Click to add new pricing category. You can provide weekly, monthly, and other offers per listing.
Price Netto	Provide the pricing value.
Price Group	<p>Select from the following options:</p> <ul style="list-style-type: none"> • Price • Price per day • Price per week • Price per month • Auction • Offers from <p>After installation, the price types are not defined. You should insert your own, they will be populated in this drop-down field.</p> <p>When searching, price type always needs to be provided as part of the search criteria.</p>

Images tab

This tab includes information about images and videos attached to the listing. Before you can add images to the listing, you must save your listing at least once. This ensure that all the other data you have filled for the listing does not disappear after the images are added.

The Images tab can be seen as shown in the following image:
