

Front Admin Overview

Overview

The dashboard gives a quick snapshot of all the tasks that you can perform using the Front Admin. It also provided multiple menu items that you can use to create listings, view listings, view membership plans, and so on. The other options that you can control are approving reviews, viewing statistics, upgrading membership for a particular user, and so on.

For the Menu to be able to access the JomEvents Front Admin, certain settings need to be made. You must create the Profile Edit Menu link, Admin Menu link, and Profile View Menu link in the JomEvents Front Admin configurations to be able to access Front Admin. For more information, see the Front Admin Options section in the [Menu Items](#) documentation.
