Latest Items Module

Overview

This module helps you create the panel where latest listings are displayed. You can decide where to position the Items module on the page and also control on which pages the panel should appear. To view all the available modules, click **Extension** > **Module Manager**. The modules available are listed as seen in the following image.

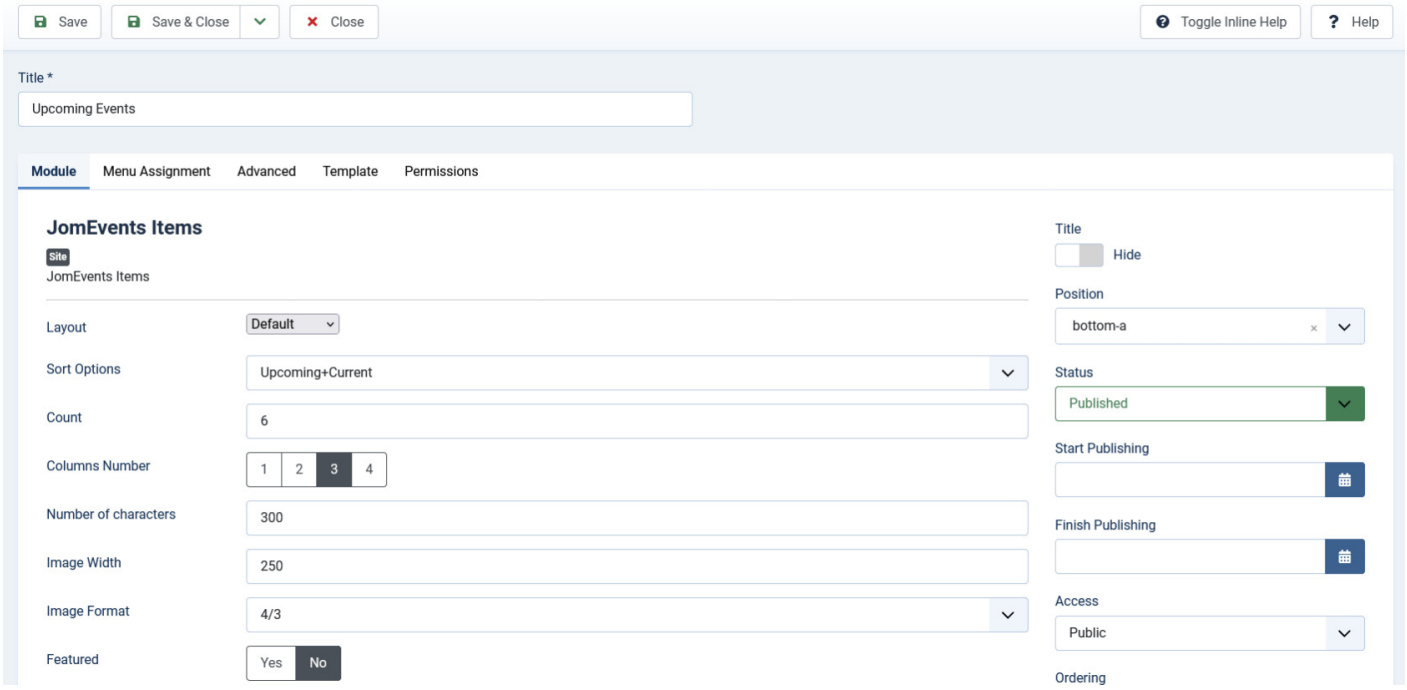

Editing the JomEvents Items module

To edit the module, click on the module link or select the check box next to the module name, and then click **Edit**.

The following image shows the module edit screen.

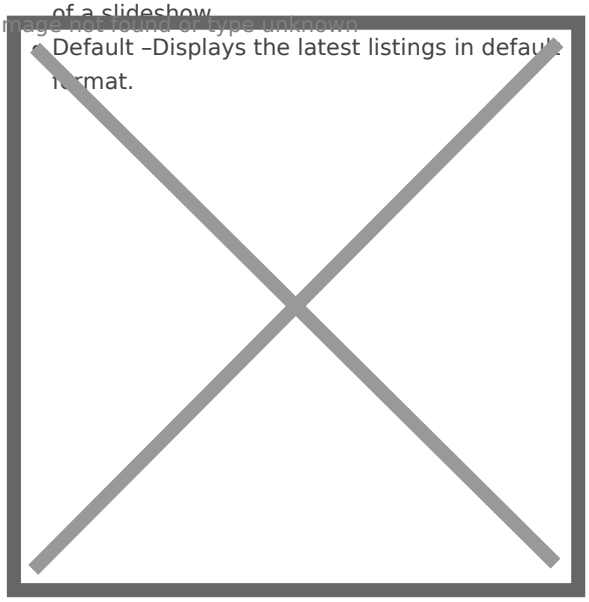

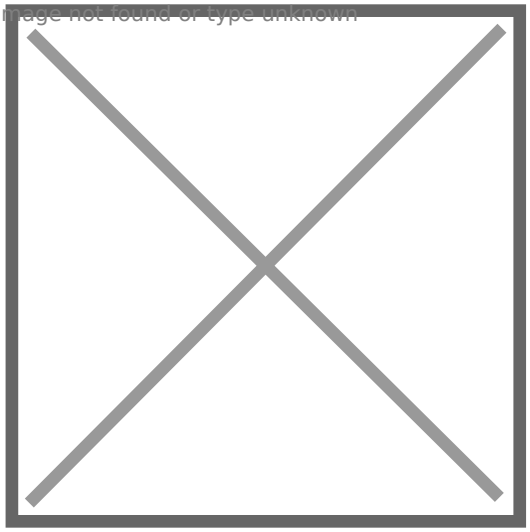

Module tab

This tab controls the layout where the Items module panel is to be displayed on the screen.

Screen 8: Module tab

Provide the options as per the following table.

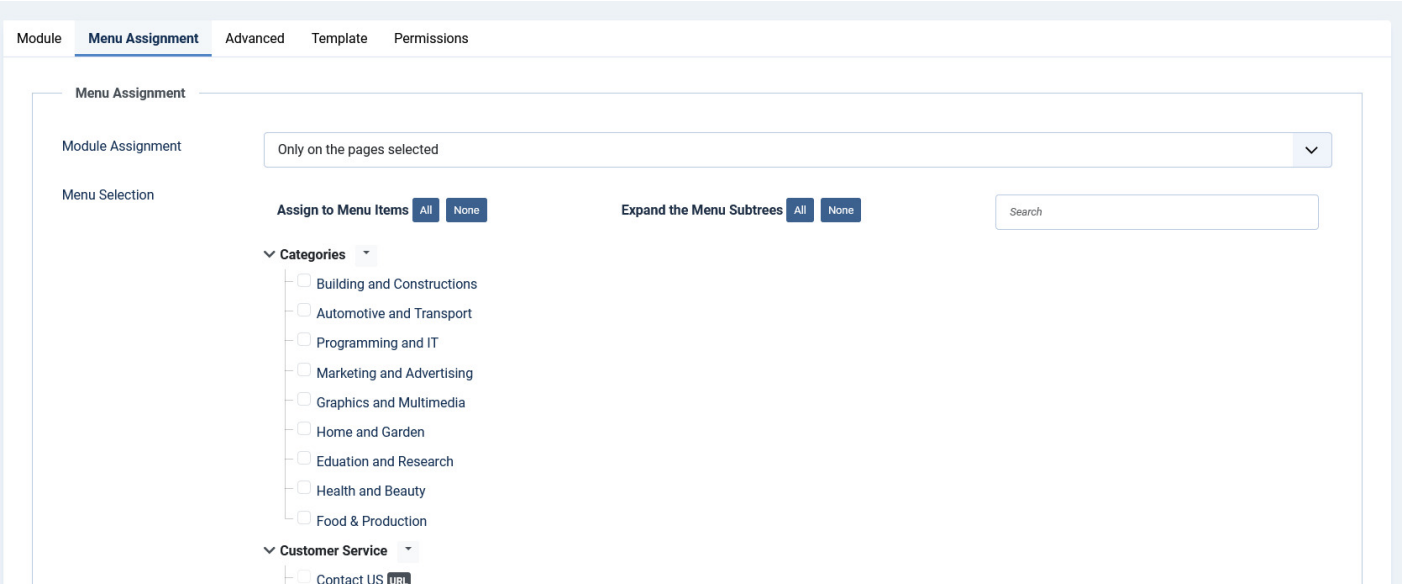

Layout	Select the required layout in the Layout field. The available options are: • Slider – Displays the latest listings in the form of a slideshow. Image not found or type unknown  • Default –Displays the latest listings in default format. • List - Displays the latest listings in list format. Image not found or type unknown 
Count	Number of listings that should be listed in the panel.
Number of Characters	Number of characters that will be displayed in the short description for listing thumbnail.
Featured	Enable to show only featured listings.
Show Address	Enable to show the address of the listing.
Custom Fields	Enable to show custom fields.

Category	Enable either of the following options. • Current Browse (auto) – Automatically displayed based on the category. • Selected Below – Listings belonging to only these categories are shown.
Choose Category	If Selected Below is selected for the above field, select the required category.
Sort Options	Select how the displayed listings should be sorted by. • Latest • Most Viewed • Alphabetically • Updated • Most Rated DESC • Most Rated ASC
Slider Width	Slider width in pixels
Slider Height	Slider height in pixels
Slide Delay (seconds)	Slideshow delay in seconds
Slider Shadow	Enable to provide the shadow effect.
Slider Thumbs	Enable to show image thumbnails
Slider Caption	Enable to show the image caption.
Show Title	Show or hide the title for the search panel.
Position	Select the position based on your Joomla Template.
Status	Select from the given options. • Published • Unpublished • Trashed
Start Publishing	Provide a date when the latest listings panel should be published.
Finish Publishing	Provide a date when the latest listings panel should be unpublished.
Access	Provide access level for the panel. • Guest • Public • Registered • Special
Ordering	Provide the order in which the side panel should appear. If more than one module is positioned at the same location, you can set the order of appearance in this field.

Language	Select the language for which you want to display this panel. For each language, you must create a new JomEvents Items module.
Note	Provide additional information.

Menu Assignment tab

This tab controls where the module should be displayed. You can decide if it should be displayed on all pages for the site or just selective pages.

Screen 9: Menu Assignment tab

Select the required menu for module assignment. The available options are:

- On all pages
- No pages
- Only on the pages selected
- On all pages except those selected
