

# Latest Items Module

## Overview

This module helps you create the panel where latest listings are displayed. You can decide where to position the Items module on the page and also control on which pages the panel should appear. To view all the available modules, click **Extension > Module Manager**. The modules available are listed as seen in the following image.

## Editing the JomEvents Items module

To edit the module, click on the module link or select the check box next to the module name, and then click **Edit**.

The following image shows the module edit screen.

## Module tab

This tab controls the layout where the Items module panel is to be displayed on the screen.

The screenshot displays the 'JomEvents Items' module configuration interface. At the top, there are buttons for 'Save', 'Save & Close', and 'Close', along with 'Toggle Inline Help' and 'Help'. The main area is titled 'Title \*' and contains a text input field with 'Upcoming Events'. Below this is a tabbed interface with 'Module' selected. The 'JomEvents Items' section is divided into two columns of settings. The left column includes: 'Layout' (Default), 'Sort Options' (Upcoming+Current), 'Count' (6), 'Columns Number' (1, 2, 3, 4), 'Number of characters' (300), 'Image Width' (250), 'Image Format' (4/3), and 'Featured' (Yes/No). The right column includes: 'Title' (Hide), 'Position' (bottom-a), 'Status' (Published), 'Start Publishing' (calendar icon), 'Finish Publishing' (calendar icon), 'Access' (Public), and 'Ordering'.

## Screen 8: Module tab

Provide the options as per the following table.

Language	Select the language for which you want to display this panel. For each language, you must create a new JomEvents Items module.
Note	Provide additional information.

## Menu Assignment tab

This tab controls where the module should be displayed. You can decide if it should be displayed on all pages for the site or just selective pages.

The screenshot displays the 'Menu Assignment' configuration page. At the top, there are navigation tabs: 'Module', 'Menu Assignment' (active), 'Advanced', 'Template', and 'Permissions'. The main content area is titled 'Menu Assignment'. It features a 'Module Assignment' dropdown menu currently set to 'Only on the pages selected'. Below this, there are two sets of buttons: 'Assign to Menu Items' with 'All' and 'None' options, and 'Expand the Menu Subtrees' with 'All' and 'None' options. A search input field is located to the right of these buttons. The lower section contains a tree view of menu categories. The 'Categories' section is expanded, showing a list of categories with checkboxes: Building and Constructions, Automotive and Transport, Programming and IT, Marketing and Advertising, Graphics and Multimedia, Home and Garden, Education and Research, Health and Beauty, and Food & Production. The 'Customer Service' section is also expanded, showing a sub-item 'Contact US' with a checkbox.

### Screen 9: Menu Assignment tab

Select the required menu for module assignment. The available options are:

- On all pages
- No pages
- Only on the pages selected
- On all pages except those selected
