Manage Venues

Overview

You can add venues related to the listings using this tab. The following screen shows the list of venues available for creating a listing.

Screen 1: Venues listing

You can select what to do next based on the following table.

Insert New	Click to add a new agent information.
Publish	Click to publish the agent information.
Unpublish	Click to unpublish agent information.
Delete	Click to delete the agent information from the site.

Adding a new Venue

To add a new venue for the event, click Insert New from the Venues tab.

For detailed information about information that needs to included in each field, see Venues in the Administrator's guide.
