

# Booking Addons

## Overview

After you click book for a particular listing, you can select additional facilities that the listing provides for an extra cost. These addons are added using the Booking Addons screen in the back end. The following image shows a list of addons.

### Screen 2: Editing an Addon

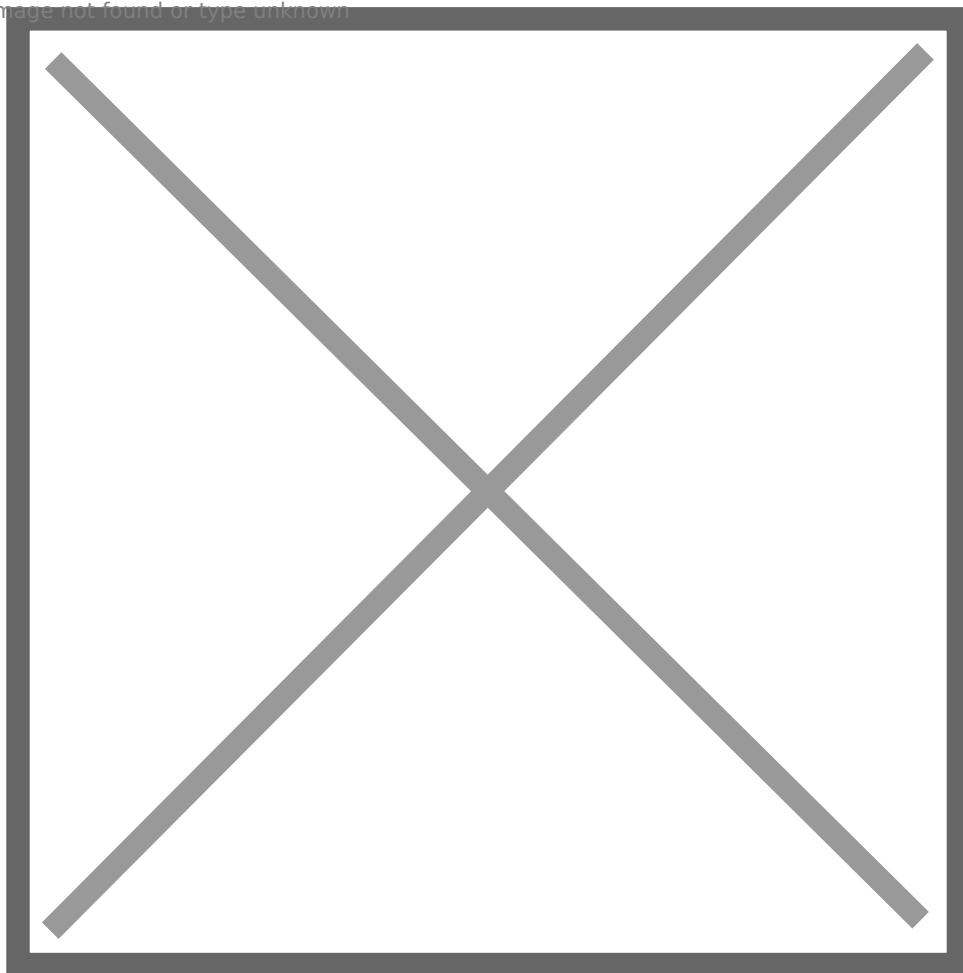

Provide the options as shown in the following table.

<b>Title</b>	Provide a title for the addon.
<b>Alias</b>	Provide an SEO friendly alias.
<b>Modify Date</b>	Select the date when the addon entry was modified.
<b>Toggle Approve</b>	Approved
<b>ID</b>	This is an auto-generated field.

Though you create an addon from the Booking Addons tab, the price for each addon varies based on the listing it is added too. Hence, the price is set as per the particular listing it is linked to. For more information about how to set the price, see [Listings](#).

The addons options can be seen when you book a listing before confirming payment as seen in the following image.
