

Listing as Tours

Overview

Tours are time based trips with fixed dates and prices, just like Resources, multiple Tours can be created. To create a tour for the listing, first it needs to be set under listing.

Managing Tours for a listing

For a listing created, you can either add a new tour or view the existing tours for that listing.

The screenshot shows the Joomla! JomHoliday interface. On the left is a sidebar menu with options like Dashboard, Categories, Address, Properties, Properties Types, Custom Fields, Custom Fields: Resources, Tours Transport, Bookings, Reviews, Users, Membership Plans, Email Templates, Payments, Messages, and Banners. The main content area displays a table of listings. The table has columns: ID, TITLE, BOOK TYPE, CATEGORY, BUSINESS T., OWNER, LANGUAGE, REVIEWS, RES.&TOURS, and HITS. The first two rows are highlighted with red boxes and arrows. The first row, 'In Love with Paris', is a 'Tours' listing. The second row, 'Sailing Greece - Mykonos to Santorini', is also a 'Tours' listing. The third row, 'Apartment with Magnificent Sea View', is a 'Resources' listing. The fourth row, 'Ramson Blue Holiday Hotel', is a 'Tours' listing. The fifth row, 'Luxury apartment in Antico Borgo Toscano', is a 'Resources' listing. Red arrows point to the red folder icon in the 'RES.&TOURS' column for the first two rows.
