

Listing as Tours

Overview

Tours are time based trips with fixed dates and prices, just like Resources, multiple Tours can be created. To create a tour for the listing, first it needs to be set under listing.

Managing Tours for a listing

For a listing created, you can either add a new tour or view the existing tours for that listing.

The screenshot shows the Joomla! JomHoliday interface. On the left is a sidebar menu with options like Dashboard, Categories, Address, Properties, Properties Types, Custom Fields, Custom Fields: Resources, Tours Transport, Bookings, Reviews, Users, Membership Plans, Email Templates, Payments, Messages, and Banners. The main content area displays a table of listings. The table has columns: ID, TITLE, BOOK TYPE, CATEGORY, BUSINESS T., OWNER, LANGUAGE, REVIEWS, RES.&TOURS, and HITS. The first two rows are highlighted with a red box around the 'Tours' button in the 'RES.&TOURS' column. Red arrows point to the red folder icon in the 'RES.&TOURS' column for the first two rows. The third row is highlighted with a blue box around the 'Resources' button in the 'RES.&TOURS' column.
