

# Manage Resources

## Overview

Resources are specific details about a listing. For example, in case of a Hotel, they can be the different types of rooms that the hotel offers, while in case of a property with multiple villas, it can be different types of villas that are offered. Bookings are always made against a resource type that exist for a listing.

## Editing a resource

You can edit an existing resource that belongs to the listing, or click Insert New to create a new resource. The existing resources can be seen by clicking the icon next to the listing on the Listings tab. The following screen is seen.

The screenshot shows the 'Manage Resources' interface. At the top, there's a user dashboard with 'Welcome demo' and buttons for 'User Dashboard', 'Profile', 'Settings', and 'Logout'. Below this is a navigation bar with 'Dashboard', 'Listings', '+ Add New', 'Membership Plans', 'My Bookings', 'Messages (0)', and 'Help'. The 'Listings' section has buttons for '+ Insert New', 'Publish', 'Unpublish', and 'Delete'. A search bar with 'Search', 'Clear', 'Sort By Latest', '15', and 'Category All' is present. The main table has columns: 'LISTING TITLE', 'RESOURCES/TOURS', and 'RES / STAT / COM'. The first listing is 'Beautiful apartments with sea and mountain views' with 3 resources. The 'RES / STAT / COM' column contains icons for edit, status, and comments. A red box highlights these icons, and a red arrow points to the edit icon.

### Screen 3: Edit resources screen

For more information about each of these specific fields, see [Resources](#) documentation in the Administrative Guide.

In the calendar seen in the above image, the dates marked with black ink are booked dates. This means there are no additional resources available for those dates. While, the dates marked with red ink are dates when resources are still available. This means a guest can make bookings against these dates marked in red.

Each date shows the price of the resource on that day and how many resources are left as shown in the following image.
