

Listings

Overview

Listings are nothing but the product listings that you want to create in the directory. Each listing is attached to a category. They are created in the same manner as Joomla articles, but are not related to Joomla articles in definition.

Creating A New Listing

The following image shows the Listings screen.

Screen 1: Listing screen

The following table explains the different options seen on the screen.

New	Creates a new Address entry. You must create separate entries for each level of depth that you need.
-----	--

Edit	Provides the edit mode to make changes to the existing level or titles created.
Publish	Publishes the created address entry.
Unpublish	Removes the entry from the list of published address entries
Archive	Archives address entries that are not used anymore.
Trash	Deletes the address entry that is not required anymore.
Options	Displays the configuration screen for the JomOffers extension.

Edit Listing

If you want to edit existing entries, you can either click the entry from the Listings screen or select the checkbox next to the entry, and then click Edit.

Edit Listing tab

This tab provides options to add title, description, select category, and other options for the Listing as seen in the following image:

Understanding the Location area in Edit listing tab

Let us understand how to provide the address and Street/House No for providing the exact locations on the map. When you provide the address, street and House No. in the backend when creating listings, the location position automatically. If the House No. is not provided, additional location fields needs to be used.

Mapping using longitudes and latitudes

If you provide the latitudes and longitudes, and the Maps Search setting is left blank, the location mapping is done based on these parameters as shown in the following image.

Custom Fields tab

This tab includes all the custom fields created for a particular category. If the custom field is not applied to a specific category, it can be seen for all categories when creating a listing. The following image shows the Custom Fields tab screen.

The screenshot shows the Joomla! JomOffers interface with the 'Custom Fields' tab selected. The top navigation bar includes 'Edit Listing', 'Custom Fields', 'Images', 'Video', 'Metadata', and 'Rules'. Below the navigation bar, there are several tabs: 'Brand', 'Condition', and 'Custom Tab'. The 'Custom Tab' is currently active, showing a rich text editor with a toolbar (Edit, Insert, View, Format, Table, Tools) and a text area containing 'CMS Content'. To the right of the main content area, there are several form fields for listing details: 'Price (Budget) *' with a value of 480, 'Regular auction' with 'No' selected, 'Start price' with a value of 100.00, 'Min sell price' with a value of 400.00, 'Featured' with 'No' selected, 'Items Approved' with 'No' selected, 'Status' with 'Published' selected, 'Created by' with 'Super User' selected, and 'Language'.

Screen 5: Custom Fields tab

For more information about creating custom fields, see [Custom Fields](#).

Images tab

This tab includes information about images and videos attached to the listing. Before you can add images to the listing, you must save your listing at least once. This ensure that all the other data you have filled for the listing does not disappear after the images are added.

The Images tab can be seen as shown in the following image:

Cron job for BIDS - Regular auctions

For regular auctions a cron job needs to be added to clear auctions which have been finished, interval should be set to 1 or 5 minutes:

```
curl -s 'http://extdev.comdev.eu/index.php?option=com_jomoffers&task=auction.check'
```

Instruction how to set cron job for Plesk panel can be found here:
